

To protect you and the FamilyWorks Community from illness such as the Coronavirus, we ask of you to follow these protocols at the Wallingford Site:

- **If you are feeling ill (especially with a fever or cough) please do not enter the building.** To receive food, please knock on the side door of the food bank, or call (206) 694-6723 and we will put a bag of groceries together for you and bring it to you at the doorway.
- If you are in the building and we observe you coughing, you will be asked to leave the building and we will bring you a bag of food.
- **Please try to keep a 6 foot distance between you and other people.**
- Most importantly, **please wash your hands frequently with hot water and soap for at least 20 seconds**, and remember not to touch your nose, eyes or mouth!

The staff will be regularly sanitizing the resource center as well as the surfaces of the food bank every 20-30 minutes, so the line may be a bit slower than usual.

**If you think you may be ill with the Coronavirus, call both your health care provider and our King County Novel Coronavirus Call Center at 206-477-3977.**

Take care and thank you!  
The FamilyWorks Team
