**FINANCIAL STATEMENTS WITH
INDEPENDENT AUDITORS' REPORT**

DECEMBER 31, 2021 AND 2020

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
FamilyWorks
Seattle, Washington

Opinion

We have audited the accompanying financial statements of FamilyWorks (a nonprofit organization), which comprise the statements of financial position as of December 31, 2021 and 2020, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of FamilyWorks as of December 31, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of FamilyWorks and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about FamilyWorks 's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

(Continued on next page)

(Continued from previous page)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of FamilyWorks internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about FamilyWorks ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

FAMILYWORKS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note 1 – Nature of Activities and Summary of Significant Accounting Policies

Nature of Activities – FamilyWorks (the Center) connects neighbors and families to nourishing food, essential resources, and a supportive community, so people can build resiliency to meet life’s challenges. The Center operates two food banks and a resource center and advocates with dignity, inclusion, and empowerment.

Basis of Accounting and Presentation – The financial statements of the Center have been prepared on the accrual basis of accounting and report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. There were no perpetually restricted net assets at December 31, 2021 and 2020. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restriction. The Center reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized.

Cash and Cash Equivalents – For purposes of the statements of cash flows, the Center considers all checking and money market accounts and unrestricted highly liquid investments with an initial maturity of three months or less to be cash and cash equivalents. At times, cash and cash equivalents may exceed federally insured limits. The Center has not experienced any losses in these accounts, and management does not believe it is exposed to any significant credit risk.

Certificates of Deposit – The Center’s certificates of deposit are held with various banks and are carried at cost plus accrued interest in the statements of financial position.

Grants and Pledges Receivable – Receivables are unsecured and consist of grants receivable from government agencies and pledges from donors. Receivables are unconditional promises to give that are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of benefits received. All amounts are due within one year. No allowance for uncollectible balances has been established by management based upon the Center’s historical experience in the collection of balances due.

Inventory – Inventory consists primarily of in-kind donations of food and supplies and is stated at the lower of cost or market. Cost is determined using the average cost basis, which approximates the first-in, first-out method.

FAMILYWORKS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note 1 – Nature of Activities and Summary of Significant Accounting Policies (Continued)

Property and Equipment – Property and equipment is carried at cost if purchased, or at fair value if donated. Depreciation is computed using the straight-line method over a period of five to seven years. The Center follows a policy whereby it capitalizes purchases of property and equipment over \$3,000 that provides future benefits over a period longer than one year.

Revenue Recognition – Revenue is recognized when earned. Contributions (including those received at special events) are recognized when cash, securities or other assets, or an unconditional promise to give is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

Revenues from government grants and contracts are recognized based on billings submitted for reimbursement and are subject to audit and retroactive adjustment made by the funding agencies. There were no adjustments resulting from government audits during the years ended December 31, 2021 and 2020. Amounts received in advance are deferred to the applicable period in which the related expenditures are incurred.

Donated Goods, Facilities and Services – The Center receives donations of supplies, food, and the donated use of facilities. These items are recognized as support at their estimated fair value on the date of receipt.

The Center calculates food donations based on the number pounds of food received and distributed. For non-federal food donations, the dollar value per pound of food is established by the State of Washington Emergency Food Assistance Program (EFAP). This valuation was \$1.82 and \$1.75 per pound for the years ended December 31, 2021 and 2020, respectively. This method was applied consistently and the estimated fair value is not expected to be materially different from that determined using a more detailed measurement of the donated food's fair value. Federal food donations are valued based on pricing lists published by the U.S. Department of Agriculture.

The Center recognizes donated services if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provide by individuals possessing those skills and would typically need to be purchased if not donated. Many volunteers have donated significant time to the Center's activities. During the years ended December 31, 2021 and 2020, volunteers contributed over 9,266 and 8,291 hours, respectively, to the Family Resource Center and food banks. The value of these volunteer services is not recorded in the accompanying financial statements as they do not meet the criteria for recognition.

Expense Allocation – The statements of functional expenses present expenses by function and natural classification. Certain categories of expenses are attributed to more than one program or supporting function and have been allocated among the programs and supporting services benefited. Those expenses include the Executive Director and other managerial functions, costs of contracted accounting, payroll, information technology and other administrative functions, and fundraising. Occupancy is based on assets used such as phone, computer, and copier. Contracted administration is based on modified direct cost of the contractor, and managerial salaries are based on estimates of time and effort.

FAMILYWORKS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note 1 – Nature of Activities and Summary of Significant Accounting Policies (Continued)

Estimates – Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Income Tax Status – The Center is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. The Center qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(vi) and has been classified as an organization other than a private foundation under Section 509(a)(1).

Subsequent Events – The Center evaluated subsequent events through June 1, 2022, which is the date the financial statements were available to be issued.

Note 2 – Liquidity and Availability

Financial assets available for general expenditure within one year of the statements of financial position date are as follows at December 31:

	2021	2020
Financial Assets		
Cash and certificates of deposit	\$ 2,354,216	\$ 1,814,948
Grants and pledges receivable	204,485	200,264
Financial assets available within one year	<u>\$ 2,558,701</u>	<u>\$ 2,015,212</u>

The Center's financial assets are relatively stable throughout the year, with small increases related to fundraising events. The Center has operating cash flow well over best practice guidelines, exceeding 300 days the entire year. Distress or a liquidity need could result from a delay in government contract receivables, but current cash is two to three times in excess of annual contract amounts, so the delay would have to be substantial to have impact. Other liquidity needs could come from a major capital outlay requirement but any such needs would not expect to exceed one third of the cash on hand. Liquidity is not an issue of the Center.

FAMILYWORKS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note 3 – Conditional Grants

Prior to December 31, 2021, the Center received notice of three multi-year grant awards for \$72,582, of which \$0 was recognized before December 31, 2020 and \$22,553 was recognized in the year ended December 31, 2021. The remainder of the total awards of \$50,029 will be received in 2022 or 2023, contingent on the Center’s completion of terms and conditions set forth in the grant agreements. As the remainder represents a conditional promise to give, this portion of the awards will not be recognized as revenue until the grantor conditions are met.

Note 4 – Property and Equipment

Property and equipment consist of the following at December 31:

	2021	2020
Furniture and equipment	\$ 52,947	\$ 52,947
Vehicles	92,479	92,479
Leasehold improvements	11,638	11,638
	157,064	157,064
Less accumulated depreciation	(93,652)	(76,044)
	\$ 63,412	\$ 81,020

Note 5 – Special Events

Special events support and revenue is shown in the statements of activities net of consumable costs that directly benefit the participants of the event. Net support and revenue is as follows for the years ended December 31:

	2021	2020
Contributions (including auction item sales)	\$ 115,005	\$ 104,252
Receipts from ticket sales	11,800	12,050
Less cost of direct donor benefit	(26,453)	(19,488)
	\$ 100,352	\$ 96,814

FAMILYWORKS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note 6 – In-Kind

In-kind donations consist of the following for the years ended December 31:

	2021	2020
Food inventory	\$ 869,324	\$ 793,261
Clothing and household goods	115,950	81,006
Facilities	42,101	22,980
Professional services	11,187	-
	<u>\$ 1,038,562</u>	<u>\$ 897,247</u>

Note 7 – Retirement Plan

The Center has a Simplified Employee Pension (SEP) IRA plan (the Plan) for employees who are 21 years or older and earn more than \$600 annually. The Center contributes 2% of gross wages on a quarterly basis to each employee's account. All new employees receive their first contribution after they have worked a full quarter retroactive to their start date. The Center contributed \$16,984 and \$13,951 to the Plan during the years ended December 31, 2021 and 2020, respectively.

Note 8 – Concentrations of Risk

At December 31, 2021 and 2020, 75% and 86% of grants receivable were due from the same agency, respectively.

At December 31, 2020, 86% of pledges receivable were due from two donors. There was no such concentration at December 31, 2021.

Note 9 – Relationship with Solid Ground

The Center leases office space and operating facilities from Solid Ground under an operating lease that expired in December 2015 and is currently on a month-to-month basis. Total rent expense under this lease was \$62,838 and \$59,304 for the years ended December 31, 2021 and 2020, respectively. Subsequent to year end, the Center signed a non-binding letter of intent to secure a new location for some of its operations for early 2023 occupancy. In addition, the Center is negotiating a new lease with Solid Ground for its current space.

Solid Ground also provides financial and technical assistance to the Center, including financial and payroll accounting, certain human relations functions, information technology, trainings, referrals, office support in the form of telephones, photocopying, fax services, courier, mailings, and building and equipment management in return for a management fee. Charges for these services are included in the accompanying statements of functional expenses. Total management fees incurred to Solid Ground were \$126,841 and \$116,621 for the years ended December 31, 2021 and 2020, respectively.

Note 10 – Risks and Uncertainties

In December 2019, a novel strain of coronavirus (COVID-19) was reported. On March 11, 2020, the World Health Organization declared the outbreak to be a global pandemic. Management is actively monitoring the situation but given the daily evolution of the COVID-19 outbreak, the Center is not able to estimate the effects of the COVID-19 outbreak on its operations or financial condition in the next twelve months. While significant uncertainty remains, the Center does not believe the COVID-19 outbreak will have a negative impact on its ability to raise additional funds or continue to support its clients.

The resulting economic crisis has created significant need in the local community for services offered by the Center and similar agencies. Local donors and government authorities have provided additional funding needed to help the Center address the crisis. As a result of the pandemic, the Center shifted how services were provided several times during the year ended December 31, 2021; however, the Center continued to provide services through the food bank and provided family programs and counseling through available community resources remotely. The annual May fundraising event was cancelled and held virtually later in the year.

The extent to which the pandemic will further impact the Center going forward remains unknown. Numerous evolving factors, including the duration and scope of the pandemic; governmental, business, and individuals' actions in response to the pandemic; and the impact on economic activity including the possibility of recession or financial market instability, remain unknowns that may impact the Center's ability to continue to provide services.
